ANTIQUHE HEART PINE PREMIUM #1 Wide Plank Flooring Description

- **Species:** Southern Longleaf Pine
- **Source:** Resawn from large beams taken from demolition projects
- **Heartwood:** 95% - 100%
- **Grain Density:** 8 rings per inch and more (many planks have as many as 15-20 rings per inch)
- **Knots:** Few sound knots 1" or smaller
- **Holes:** Very limited nail holes
- **Cracks:** Occasional vertical aged stress cracks up to $\frac{1}{16}$ "
- **Face Character:** Since the lumber is resawn from large timbers, the surface of planks will have no original weathering or saw marks
- **Color:** characteristic reddish "heartwood" color variations with yellowish colors blended in as well
- **Grain:** Mixed patterns (vertical grain available for custom orders)
- **Millng:** Center matched Tongue & Groove profile with square edges (no bevel) and pre-squared ends
- **Available Sizes:** Thickness: $\frac{3}{4}$ " Width: 4" - 10" Length: 1' - 8'+
- **M/C:** 8-10% or less
