ANTIQUÉ HEART PINE PREMIUM VERTICAL (EDGE) GRAIN Wide Plank Flooring Description

- **Species:** Southern Longleaf Pine
- **Source:** Resawn from large beams taken from demolition projects
- **Heartwood:** 98% - 100%
- **Grain Density:** 8-10 rings per inch and more (many planks have as many as 15-20 rings per inch).
- **Grain:** 98%+ Vertical (Edge)
- **Knots:** Mostly clear. Very limited amount of knots.
- **Holes:** Rare
- **Cracks:** Occasional hair line checks
- **Face Character:** Since the lumber is resawn from large timbers, the surface of planks will have no original weathering or saw marks
- **Color:** Mostly red/orange heartwood tones with limited yellow streaking
- **Milling:** Center matched Tongue & Groove profile with square edges (no bevel) and pre-squared ends
- **Available Sizes:** Thickness: ¾" Width: 2.5" - 4.5 Length: 1' - 8'+
- **M/C:** 8-10% or less
